IMMEDIATE PRESS RELEASE:

London United Kingdom.

On Wednesday 21st October 2020, My EV Charger Company Headquarters in San Antonio, Texas USA. Proudly announces its expansion into the United Kingdom.

The office will be based in London to focus on its business interest in United Kingdom & Europe. By venturing more into the Western & Central European market, My EV Charger will further establish itself as a key consultant in the EV charging network worldwide.

“

The UK Government is poised to ban the sale of all hybrid, petrol and diesel cars from 2035, Prime Minister Boris Johnson 04/02/2020

”

Announcing our newest partner in United Kingdom: EVBox Premier Charging Stations.

About EVBox

EVBox drives sustainable mobility by providing smart and scalable charging infrastructure and charging management software to electric vehicles around the world. Powered by ENGIE, EVBox has placed over 125,000 charging points across more than 70 countries. With residential, commercial, public, and fast-charging solutions, EVBox is helping to build a future where everyday transport is emission-free.

Richard Osuch, President of My EV Charger Company, shares his visions for the new team in London:

“The Electrical Revolution is Here! My EV Charger of UK provides innovative electrical vehicle charging and energy management solutions for businesses and individuals. Our smart EV charging platform streamlines the charging experience for drivers while optimizing usage and revenue for building owners. Importantly, all our technology is based on open communication standards to ensure secure future-proof solutions.

Together we will adopt E-mobility effortlessly”

-Richard Osuch, President and Founder of My EV Charger Company

President - Richard Osuch will build the team in the London & Warsaw offices, alongside Mr Ola Akinkugbe (Managing Partner)
